TELEGRAPHIC.

WINNIPEG, September 7.

The poet Whittier is very low. Very few vessels are paying toll at the Soo. All foreign immigration to Canada has been stopped on account of the cholera. The Winnipeg electric street railway was finally opened on Monday afternoon. An Horne is in London on a mission connected with a fast Atlantic steamship service. A number of ultra loyal Montrealers tore a United States flag to pieces in front of the theatre there recently. The British Columbia government is urging Dominion government to send a vessel to rescue sealers in Asiatic waters. Premier Abbott will retire at the end of this month. Meredith is mentioned as minister of justice. Thompson will doubtless be made premier. The Globe reviews the Northwest embroglio and agrees with the manifesto of the opposition that the conclusion is irresistible that lieutenant-governor Royal acted as a partizan and should have dissolved the house or declined to resign. The Mail also condemns Royal's action.

WINNIPEG, September 8.

Whittier, the poet, is dead. The Dominion government has sent a strong protest to England against the action of Russia in seizing vessels in Behring sea. Ten more cases of cholera in quarantine in New York. All European immigration to Canada and the United States has been stopped. Fleche won the St. Leger, St. Hugo 2nd, and Sterness 3rd. The defeat of Orme caused surprise. At New Orleans, last night, Corbett knocked Sullivan out on the 21st round. Corbett had the best of the fight all the way through, and finished Sullivan's face terribly. The latter was unable to get in his famous swinging blows. Corbett was too quick. In the last round Corbett got in a terrible blow on Sullivan's head that dazed the latter. Sullivan dropped guard and Corbett, seizing the opportunity, hit him a couple of terrible blows which turned him over. Sullivan could not rise and was lifted off the floor. He recovered in two minutes and wept like a child when he realized he was beaten. He was terribly punished. Whell has challenged the winner to fight for 1000 a side in ten weeks. The Globe says editorially that Lieutenant-governor Royal, in proroguing the North West assembly, has acted so unconstitutionally that a crisis is felt that a parliamentarian of so much experience could be capable of so serious a blunder under the circumstances. Cayley, who was to be the head of the new executive, should have adopted one of two courses; he should either have resigned or asked his Honor to dissolve the house. Failing in this, the lieutenant Governor should have insisted on a constitutional course; but instead he consented to prorogation, virtually continuing in office an administration that has not shown itself possessed of the confidence of the legislature or the people of the Territories. Royal is charged in a memorial dispatched to Ottawa and signed by thirteen members of the opposition with acting as a partizan, and in the light of the facts to the conclusion is irresistible that such is the case. The Mail says: "It must certainly be the case of the North-West Lieutenant Governor that he has very original ideas on the subject of constitutional government. If the Queen were a rogue parliament with business unfinished, protecting in office a cabinet that could not be parliament to continue in session, it would be a rebellion."

G. CONNOR has commenced his new furniture store, 24x65, two stories with flat tinned roof. K. A. McLeod, contractor.

BY-LAW No 25.

A by-law further to amend by-law No. 8. The Mayor and Council of the Municipality of the Town of Edmonton, in council assembled enact as follows:

1. Section 3 of by-law No. 8, is hereby amended by adding after the words "remove it" the words "or cause it to be removed."

2. The said by-law is further amended by inserting therein the following additional sections in the places indicated by the numbers prefixed to them:

3a. All house offal, whether consisting of animal or vegetable matter shall be placed in barrels or other suitable vessels; and no ashes, filth or other matter which would prevent such house offal from being useful as food for pigs, shall be mingled therewith; and such barrels or other vessels shall be kept in some place from which it can be easily removed therefrom.

3b. Hereafter no privy shall be constructed, having as a receptacle merely an excavation in the ground; but all privies shall be constructed with a suitable box or boxes which can be conveniently withdrawn, emptied and replaced or shall be otherwise so constructed that there can be no soakage from the receptacle through the adjacent soil and that the receptacle can be conveniently emptied and cleansed.

3c. Within six months after the passing of this by-law all now existing privies shall be made to conform to the requirements of the next preceding section hereof.

4a. No person shall remove or carry in or through any highway, street, lane, ally, by-way or public place any soil, house offal, or any offensive matter, unless such person be the owner or occupier of the premises from which such matter is being removed or unless such person and the mode of removal shall have been expressly authorized by the standing committee on health and relief.

4b. No person shall engage in the business of privy cleaning or be permitted to remove night soil unless he shall have first submitted his appliances for carrying on his business for the inspection and approval of the standing committee on health and relief, and shall have obtained a certificate to that effect.

4c. No night soil shall be removed from any premises except between the hours of 11 o'clock p. m. and 5 o'clock a. m.

4d. No person engaged in the business of cleaning privies or removing night soil, or removing house offal or yard refuse shall charge more than the following rates: For removal of night-soil from privies constructed with a box or boxes, any quantity not exceeding one load, \$1.00. Where the privy is constructed on any other system for the same quantity, \$2.00. For removal of yard refuse, not exceeding one load, 75. For removing house offal when the same is kept in barrels, 3 barrels, or less, 50. Over 3 barrels, up to 6, which shall be considered a full load, 75.

7a. Hereafter no person shall use or occupy any slaughter house or building or premises for the purpose of killing therein, unless the same be at least 500 yards distant from any building used as a dwelling house.

7b. No animal shall be killed or slaughtered except in a suitable slaughterhouse or other building or premises specially adapted for the purpose; but this provision shall not apply in the case of pigs.

Done and Passed at Edmonton this thirty-first day of August, 1892.

EXHIBITS FROM ALBERTA.

The Winnipeg Free Press of September 3rd says: A carload of exhibits from the Edmonton region arrived here yesterday. The specimens have been collected by C. P. R. agents and the eastern fairs are the destination. The car is in charge of J. G. Fitzgerald and Howard Douglas of Calgary. Mr. Fitzgerald goes no further east than Winnipeg, but Mr. Douglas will have charge of the exhibit during the time it is at the Toronto exhibition. The car is placed on the outside with cards bearing such mottoes as "Alberta, the Switzerland of Canada"; "Alberta, a land of sunny skies and happy homes"; "Grains, grasses and roots from Edmonton, Alberta," and similar inscriptions. The exhibit is neatly arranged in the interior of the car and in such a way that visitors can see everything to the best advantage, and it is almost needless to say that at each station, where a stop of any duration has been made, the car has been crowded with people, and many are the compliments which the two gentlemen in charge have received for the tasty manner in which the different grains and grasses have been arranged. If any person has doubts as to the productive qualities of the Edmonton region a visit of ten minutes to the car would remove such doubts forever. All kinds of grasses are exhibited, including the wild vetch, the red top grass 8 feet 7 inches in height, and many others of an equal extraordinary growth. Some splendid samples of wheat in the straw, and barley are shown. The Ladoga samples are probably the best. Some extra good samples of two rowed barley, grown by Wm. Cusi and Robt. McKernan, of the Edmonton region, occupy a prominent position in the car. Besides the grain one end of the car is almost filled with all kinds of roots and vegetables, such as potatoes, carrots, beets, cucumbers, tomatoes, huge cauliflowers and mammoth cabbages. In addition to the foregoing several prime beaver and mink skins and some samples of the Edmonton coal and brick, which both seem to be of an excellent quality. The exhibit is certain to attract much attention in the east and it is worthy of all it receives.

The Montreal Gazette, referring to the action of the Pope in asking France to protest against the abolition of separate schools in Manitoba, says that whoever inspired the appeal has made it more difficult to bring about a peaceful solution of a question which moderate men of all creeds have reason to regard with anything but complaisance.

Every precaution is being taken to prevent an outbreak of cholera in Quebec. The mayor and city health officers have written the federal authorities insisting upon the necessity of naming a competent medical officer for the port of Quebec with full power in case of emergency.

The civic health committee has decided to take every means to put Montreal in a first-class sanitary condition, although at the present time, notwithstanding statements to the contrary, that city is in a position to show a clean bill of health.

The arrivals of immigrants in Winnipeg since August 2nd were 2,200, making a total since January 1st of 30,372.

The election of Premier Greenway, of Manitoba, is to be protested.

Wells (Toronto) reduced the quarter mile bicycle record to 35 seconds.

PROTEST.

The assembly was prorogued by proclamation in an extra of the Northwest Territories Gazette of September 1st. Thirteen members of the opposition object to prorogation.

First, because being done on the advice of an executive, which was unable to transact the business of the house. It is a violation of the Northwest act as defined by constitutional law and usage.

Second, because its effect is to commit the administration of the affairs of the Territories until next session to the hands of an executive which clearly does not possess the confidence of a majority of the house, and therefore is not entitled to administer the public affairs of the Territories.

Third, because its effect is to kill, until next session, all the legislation which came before the house this session, including important private as well as public bills; of which bills those to provide for a more economical and efficient school system and to provide for the ballot vote at elections to the Northwest assembly, were measures of urgency and were supported by a large majority of the house.

Fourth, because it prevents the opposition from formally making a charge of an attempt to bribe a member of the opposition by a member of the executive, which charge they were prepared to make at the opening of the house to-day, and could only be prevented from making by prorogation without a sitting of the house.

Fifth, because there was no necessity for such a hasty prorogation on any public ground. Although the executive, on their first attempt to do so, failed to elect a speaker yesterday—having nominated a member of the opposition who had distinctly refused to accept the position—and therefore no business could be transacted on that day, this morning, at 11 a. m., Messrs. Haultain, Tweed and Magrath waited upon the lieutenant-governor and informed him that the opposition were willing that Mr. Magrath should be elected speaker in order that legislation before the house might be completed. They were then informed by his honor that the house had already been prorogued by proclamation.

Because of the action taken by his honor the lieutenant-governor as above recited, we, the undersigned members of the Northwest assembly, specifically charge Hon. Joseph Royal, lieutenant-governor of the Northwest Territories, with having taken the position of a political partizan by his action in thus unnecessarily and unjustifiably proroguing the house, to the injury of public business and in defiance of constitutional law and usage.

Regina, September 1st, 1892.

Free Press: The C. P. R. will on September 1st ship a great quantity of exhibits to the Toronto exhibition. For several days men have been busy arranging and sorting the great mass of newly cut grain, which has been received daily from all parts of the country. A very large number of neat sheaves, excellent samples of the very finest grain produced in the world, have been made ready and the interior of the old C. P. R. dining hall is well worthy a visit, there being no place in Winnipeg where as fine a display of this year's crop can be seen. A carload of grasses is expected from Edmonton to-day. These will be fixed up by the staff here and forwarded in time for the great eastern fairs. Splendid exhibits of the Northwest crop will be sent to every fall show of importance, not only in Canada, but the eastern states.

A death from cholera occurred on the 29th at Bolton, Lancashire, twelve miles from Manchester. Whether the case was one of Asiatic cholera is not known.

PEACE RIVER.

Very little gold mining is being done on the Peace river now. H. Burbank, who went in three years ago with a party from Montana, who excited considerable curiosity when passing through Edmonton, is still there and follows mining exclusively. He has spent a great deal of time prospecting for coarse gold, chiefly on the Smoky river, but without success. This season he is mining near Fort St. John, and expects to make about \$2,000 in the season. Wilson, another member of the same party, is also there, and mines occasionally in company with Dan. Gould, who went from Prince Albert to Peace river some years ago. Arnold and Crowley, who went in last spring, are also preparing to mine, and three other miners, names unknown, arrived early in the summer, but had not started operations when last heard from. The gold is found in the shape of fine dust mixed with the sand of the gravel bars as on the Saskatchewan. The color is very much the same as that of the Saskatchewan, but may be a shade darker. Farming is being gone into by a number of the Indians and half-breeds, as well as by the missionaries and traders, and their crops—garden patches in size—were very good this season. Barley was ready to cut at Dunvegan on July 25th. Vegetables were splendid, especially potatoes. Wheat looked very well, but was not quite ripe then. Rev. Mr. Brick's crop at his mission above the mouth of the Smoky was good, but not so good as at Dunvegan. He had 60 acres under crops. A. McKenzie, at the mouth of the Smoky river, has 40 acres of crop and 60 acres broken besides. He is getting in a small steam saw and grist mill from New York, but it may not arrive until next season. Mr. Brick has a mill run by horse power, which answers the purpose at present. Chas. St. Germain, of Battle river, has taken 25 head of cattle to Peace river this season, and will winter there, and take his family and the rest of his effects next season. The disease which existed in the H. B. herd of cattle last season, on their ranch on Grand Prairie, has been stamped out by all the diseased animals being killed off. What the disease exactly was is yet unknown. The present is a great berry season in Peace river, and bears, which are the principal food game of the country, will consequently be numerous. A native, named Louison Thomas, was nearly killed by a bear last fall. Having wounded the animal it attacked him and he only escaped with his life, after being most seriously lacerated. He has not yet recovered. Last winter was not particularly hard on the Indians as there was plenty of food, but still there was considerable mortality amongst the Beaver Indians, five of whom died of scrofula on Grand Prairie. The whole tribe of the Beavers—the original natives of Peace river—are dying off rapidly from this complaint, owing, no doubt, to their continued intermarriage. From all appearances, if other people than these Indians do not go in and occupy Peace river, it will soon be destitute of inhabitants.

THE electric light began running all night on Monday.

T. BRUNNEAU, of Castle Rock, Washington, arrived on Monday's train to look up land. He represents a large number of farmers who have been in Washington for twelve years and are desirous of finding a new location.

G. H. NEWTON and family, of Grafton, North Dakota, arrived on Monday's train to settle below Fort Saskatchewan, where he purchased land this summer. He says a large number of farmers from Grafton, who have already purchased land, will come out this fall, as soon as they have finished harvesting.

JAS. BAYNE, of McKellar, and Wm. Ireland, of Ryerson, Parry Sound district, Ont., arrived on Monday's train. They are looking up locations amongst the Parry Sound people who came up last spring. A large colony is now being organized to leave for Edmonton in the spring. T. G. Pearce, of Fort Saskatchewan, will arrange for the location and accommodation of families in this colony if communicated with.

A LARGE Swedish colony has selected two townships of land in the vicinity of Bittern lake, northeast of Peace Hills station. Over one hundred homesteads have been located already, representing 600 to 800 souls. The people are all, or nearly all, from the eastern States where they have been living for a number of years. A number have already gone on the land, and the rest are coming this fall. This colony is the work of C. O. Swanson, of Waterville, Quebec, who visited Edmonton last fall.

REV. H. LEDUC arrived on Monday from Calgary to take the business management of the diocese of St. Albert and the position of superior at St. Albert. Rev. J. M. Lestanc, who has been superior at St. Albert for a number of years, is going to Calgary to take charge there and will leave on Friday's train. Rev. Father Leduc was superior at St. Albert a number of years ago, and the fine mission buildings there are largely the result of his energy, as are the large, costly and handsome church, hospital and mission buildings generally, of the Roman Catholic establishment at Calgary.

THE cheese factories at St. Albert and Poplar lake have shut down for the season, as the farmers are too busy with their harvest to deliver the milk, and besides desire to make butter for winter use.

F. B. KARRAN, of Calgary has been awarded the contract of erecting a new Methodist church in Edmonton at a cost of \$2,850, exclusive of seating and heating, which will cost about \$600 more. The work is to be completed by November 20th. The seating capacity of the church will be over 200. W. S. Edmiston, architect.

A SAMPLE of Ladoga wheat has been received from John Eccles, of Stony Plain. The heads are large and the grain perfectly ripe. The wheat was sown on April 18th and was cut, stooked and capped on Thursday, September 1st. Barley was cut the same day as the wheat and is a capital crop. Oats are ripe and are a heavy crop. Potatoes and all vegetables are good.

A MAGNIFICENT collection of grains and grasses is being gathered in Wm. Fielders warehouse for a second C. P. R. exhibit car, which will leave Edmonton next Wednesday. The grasses are something marvellous in length, quality and variety, and the grain is unexcelled in all varieties. The grasses were collected by Stanley McPhadden and the grain by M. McCauley and Jas. Cram. The collection is not yet complete, but is being rustled together in the best of style by Campbell Young, of the C. P. R. land agency.

THE July-August issue of Canada comes to hand with a very interesting table of contents. "A Tale of '47," "A Trip to Manitoba in 1891," the conclusion of Sidonie Zilla's charming story, "Tantramar," poems by the editor, with captivating papers by Pastor Felix, B. A. S., and Theodore Roberts, constitute a remarkable ten cents' worth of summer reading. This most thoroughly Canadian of monthlies is now published at Hampton, New Brunswick, and with the view of largely extending its circulation the publisher offers to send it to new subscribers three months for 12 cents in stamps.

HAEVEST is in full swing in the Edmonton district. The wet weather of last week kept back cutting and may have delayed, but did not prevent, ripening. All the grain is now ripe and with the fine weather which set in on Wednesday and is almost sure to continue, everything will be got off in good shape. The very heavy rains of last week laid some of the grain, but it has all recovered. The crop is not as heavy in the straw as that of last year, but the grain is good. There was a touch of frost in some localities, on Saturday night, September third, but no harm was done, and in many places not even beans or tomatoes were marked. The summing up of the harvest situation is that the whole crop is now safe, that the quality is A 1 in all cases, that the yield is good though not phenomenal, that there has been no loss from untoward spring weather, drouth, hail or frost, and that the only loss has been where bad cultivation allowed the weeds to get the better of the crop.

CHURCH OPENING.

The new Methodist Church in South Edmonton was opened on Sunday last. The dedication services were conducted in the morning by Rev. John McDougall, in the afternoon by Rev. C. Cunningham, and in the evening by Rev. John McDougall. There was a large attendance, and the collections of the day amounted to \$50. An entertainment was given on Monday evening, in aid of the church fund. An excellent tea was served by the ladies of the congregation, in a large tent adjoining the church. At 8 o'clock the chair was taken by R. McKernan, and the following programme rendered: "I was glad," by the choir. Address by the chairman. Chorus, "In Heavenly Love Abiding," by the choir of the Edmonton Methodist church. Address by Rev. George Elmitt. Address by W. H. Cushing, Calgary. Duet, "The Prayer of the Wanderer," Miss Maxfield and Mr. Raymer. Address by Rev. C. A. Procnier. Organ solo by Miss Phillips. Address, Frank Oliver. Duet, "The Three Calls," Mrs. Shields and Miss Mitchell. Address, Rev. John McDougall. Solo, "Consider the Lilies," Mr. Raymer. Encore, "The Song that Reached My Heart." The chairman made a financial statement, but was unable to give the full details as the work had only been completed at a late hour on the Saturday night before. The cost was between \$1,200 and \$1,400, which was provided for except some \$200 or \$300, after including the proceeds of the evening, which amounted to almost \$70. The church had been started as a union church, but as there were difficulties in the way of that arrangement, in consideration of a subscription of \$200 from the Methodist Missionary Society, it was decided to dedicate it as a Methodist church, with an understanding that it should be free to the services of all other protestant denominations. A collection was taken up in aid of the purchase of stoves, which amounted to \$17, and the proceedings closed with "God Save the Queen."
